Libogen[®] 300mg

(Kings Capsule)

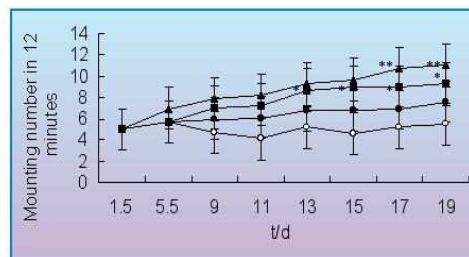

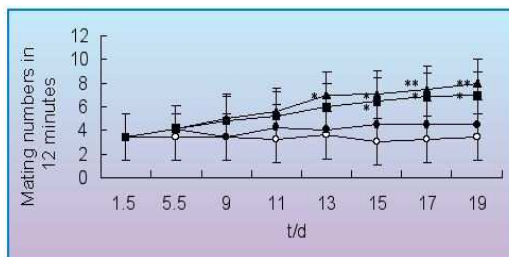

Scientific and Natural Solution

Libogen[®] offers following unmatched advantages:

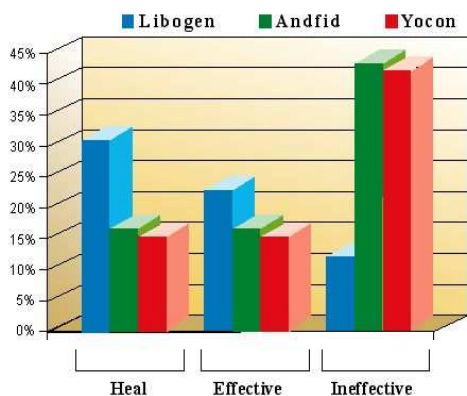

- 🚫 Libogen is approved by Ministry of Health Peoples Republic of China.
- 🚫 100% imported.
- 🚫 Extensively researched natural product, developed by China's largest pharmaceutical group (TCM)-TASLY.
- 🚫 Increases sperm count as well as motility.¹
- 🚫 Increases total plasma testosterone, free testosterone, dihydrotestosterone (DHT), follicular stimulating hormone (FSH) and leutinizing hormone (LH) which leads to increased libido.²
- 🚫 Improves sperm production, increases the quantity of spermatozoa and also causes progressive oscillating motility.³
- 🚫 Increases cGMP that leads to increased production of Nitric Oxide which causes vasodilation that ultimately results in penile erection.⁴
- 🚫 Has good effects on the pituitary and adrenal glands.⁵
- 🚫 Balances and counters the effect of stress.⁶
- 🚫 Removes body and mental fatigue.⁷
- 🚫 Effectively reduces stress, increases energy and stamina.⁸
- 🚫 Enhances libido.⁹
- 🚫 Stimulates the endocrine glands that controls basic physiological processes.¹⁰
- 🚫 Builds general, mental and physical activity.¹¹
- 🚫 Non - hormonal
- 🚫 Virtually no side effects.

Remarkable effects of Libogen[®] as shown in studies

The effect of Libogen on sexual behavior of mice.

Curative effect of Libogen[®] in clinical therapy

- 🚫 Improves sperm production.
- 🚫 Increases the quantity of spermatozoa and also causes progressive oscillating motility.
- 🚫 Increases the production of total plasma testosterone, free testosterone, dihydrotestosterone (DHT), follicular stimulating hormone (FSH) and leutinizing hormone which leads to increased libido.
- 🚫 Increases cGMP that leads to increased production of Nitric Oxide which causes vasodilation that ultimately results in penile erection.

Libogen[®] 300mg (Kings Capsule)

Scientific and Natural Solution

Effect of Libogen[®] on plasma testosterone concentration

Effect of Libogen[®] on plasma testosterone concentration, accumulation of cGMP and release of NO in mice corpus cavernosum in vivo

Dose /mg.kg ⁻¹	Testosterone /pmol.ml ⁻¹	NO/ μmol.g ⁻¹ protein	CGMP /pmol.g ⁻¹	n
Control	4.03±1.61	20.67±4.69	72.08±31.43	7
12	4.99±1.09	25.81±3.85	82.04±36.37	6
24	6.47±2.06*	28.26±5.10*	103.98±44.69*	8

*p<0.05, **p<0.01 vs control

Effect of Libogen[®] on formation of cGMP stimulated with SNP in rabbit corpus cavernosum in vitro

Dose /mg.kg ⁻¹	CGMP /pmol.g ⁻¹	n
Control	940.65±329.73	8
0.24	1366.43±353.638*	8
2.4	1767.32±598.12*	10
24	2000.02±689.46**	10

*p<0.05, **p<0.01 vs control

Effect of Libogen in clinical therapy

Statistics of Curative Effect Results in Clinical Therapy
(Clinical trial conducted by Chinese Army Hospital-PLA 245-Beijing)

Group	Heal	Apparent effect	Effective	Ineffective	Effectiveness ratio
Control group (n=63)					57.1
Andfid group (n=30)	5	7	5	13	
Yocon group (n=33)	5	9	5	14	
Test group (n=63) Libogen [®]	20	20	15	8	87.3

Libogen[®] was administered to cure 63 patients of functionary impotence. Total effectiveness ratio reached 87.3%, obviously superior to both the control groups of Andfid (Made in Holland) and Yocon (Made in USA).

Libogen[®] 300mg

(Kings Capsule)

Scientific and Natural Solution

Indications

- Decreased libido
- Impotence
- Erectile dysfunction
- Low sex drive
- Age factor
- Premature ejaculation
- General weakness & other male related problems

SAFE
for
Heart Patients
and
Diabetics

Dosage: One capsule 60 minutes before coitus, preferably 2 hours after meals. Do not exceed the maximum one capsule per day stated dose. For best results use regularly. No harmful side effects in long term use.

Prescribing Information:

Description: Libogen capsules is a modern TCM (Traditional Chinese Medicine) approved by 'Ministry of Health' China (0055) for decreased libido, impotence, erectile dysfunction, pre-mature ejaculation, general weakness and other male-related problems. Ideal for diabetics and heart patients. This proprietary blend is researched and developed by China's largest Pharmaceutical Group (TCM) TASLY. The unique combination of very expensive and rarely available herbs has made 'Libogen' highly effective, safe and first choice of millions of peoples around the world. This natural medicine has proven efficacy with no side effects. Libido loss and erectile dysfunction (impotence) increases with advanced age. The primary physical and psychological factors responsible for it are stress and strain, fatigue, depression, asthenia, obesity, tobacco smoking, raised lipids, etc. **Ingredients:** Radix Ginseng, Radix Angelicae Sinensis, Fructus Lycii, Radix Rehmanniae. **Indications:** General weakness, Decreased Libido, Erectile dysfunction, Improves power and quality of sperm, Improves quality of life, Fatigue, tiredness, hangover. **Libogen** enhances blood supply to cavernous tissue through greatly enhanced penile microcirculation without causing any side effects. **Side effects:** None reported so far. **Dosage:** One capsule 60 minutes before coitus, preferably 2 hours after meals.
